

Pledge Not to Abuse Taxpayers

I, the undersigned candidate for Georgia State House District Thirty-Seven, do hereby pledge to the people of my House District that I will refrain from abusing taxpayer dollars by engaging in any mass mailings directly paid for or reimbursed by the taxpayers within 60 days of any primary or general election for which I am opposed for reelection.

I further agree that while such mailings are not illegal, they are tantamount to an unethical use of tax dollars to engage in campaigning and will work in the next legislative session to end the practice under the state's ethics laws.
